

Women have been historically underrepresented in our memorials, particularly the memorials on federal land in the nation's capital. It is fitting to authorize a memorial that would allow millions of visitors to D.C. to understand and honor the heroic efforts of these women and their lasting impact on the fabric of our society.

I urge my colleagues to support this bill.

**RECOGNIZING MR. RAVINDER
SINGH SHERGILL**

HON. DAVID G. VALADAO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 25, 2021

Mr. VALADAO. Madam Speaker, I rise today in honor of the life of Mr. Ravinder Singh Shergill, who passed away on April 22, 2021.

Mr. Shergill was born on September 12, 1956, in Punjab, India. At the age of seventeen, he immigrated to the United States and later graduated from UC Berkeley with a Bachelor of Science in Electrical Engineering. He went on to work for National Semiconductor for more than three decades. As an engineer, Mr. Shergill held patents involving disk storage and helped create the USB specifications. As a manager, he admired and respected as a mentor to his colleagues. His story is truly an embodiment of the American Dream.

Mr. Shergill had a great appreciation for America, but he never forgot his roots. He was committed to bridging the Sikh and American communities together and was a founding member of the Sikh Youth of California and America.

Mr. Shergill is remembered as a caring husband, father, and grandfather with a love for books, history, music, and film. He is survived by his wife, Grace Rosa; his children, Simren, Kiren, and Kevan; and his grandchildren Leena, Mary, Samuel, and Briya.

Madam Speaker, I ask my colleagues in the United States House of Representatives to join me in honoring the life of Mr. Ravinder Singh Shergill. Our thoughts and prayers are with his family and friends during this difficult time.

**HONORING NEW YORK'S BRAVE
FIRST RESPONDERS, PARA-
MEDICS, EMERGENCY MEDICAL
TECHNICIANS**

HON. ELISE M. STEFANIK

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 25, 2021

Ms. STEFANIK. Madam Speaker, I rise today to honor New York's brave First Responders, Paramedics, and Emergency Medical Technicians as we celebrate National Emergency Medical Services Week. I recognize the great impact and sacrifice our EMS providers make to keep our communities safe.

EMS systems provide lifesaving care and are an integral part of our communities'

wellbeing. Emergency medical responders are first on the scene of what is often the worst days of people's lives. Despite the great physical and mental toll, EMS providers continuously put the care of others before themselves. Their selfless perseverance and rigorous training allow them to be prepared for any situation. I am profoundly grateful for all those who choose to serve our community in this way.

The 21st Congressional District of New York is home to the oldest continuously run commercial ambulance service in the country. Guilfoyle Ambulance was established in 1907 and is currently owned and operated by Bruce G. Wright. The first ambulance was a horse drawn carriage and the business now boasts 16 ambulances. Today, Guilfoyle is certified at the Paramedic level and provides basic and advanced life support transportation as well as Paramedic service for over 8,500 requests and over 600 transports each year. The company operates in the majority of Jefferson County, including Fort Drum, as well as in some neighboring towns in St. Lawrence, Lewis, and Oswego Counties. Guilfoyle is just one of the many critical components of our EMS systems in the 21st District.

On behalf of New York's 21st Congressional District, I am proud to represent thousands of hardworking EMS providers and I am honored to recognize them on this National Emergency Medical Services Week. I thank them for safeguarding our community.

**CONGRATULATING UNIVERSITY OF
COLORADO'S SENIOR STRATEGIC
ADVISOR AND FORMER VICE
CHANCELLOR, FRANCES DRAPER,
ON HER RETIREMENT**

HON. JOE NEGUSE

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 25, 2021

Mr. NEGUSE. Madam Speaker, today I wish to honor and thank a Boulder Colorado trailblazer: Frances Draper. It's hard to distill such a luminous human into a few short paragraphs. Frances is equal parts tough and kind; cooperative and indomitable; pragmatic and optimistic. "There's a pony in here for everyone," is Frances's way of pointing out that by working together—by seeking to collaborate rather than divide—we can almost always get to win-win outcomes.

In her role at the University of Colorado-Boulder, Frances reimagined and transformed the way that the city and the University collaborate, and ushered in a spirit of teamwork in town-and-gown relations that serves as a model for our Nation. She has served as a beacon of opportunity and decency in our community, representing the university and the city with honor, integrity and humanity.

Prior to joining the university, Frances was Executive Director of the Boulder Economic Council, manager of the Sun Microsystems business and finance line for General Electric, and a legislative aide to Harrison Schmidt, U.S. Senator from New Mexico. Frances has lived in Boulder for close to 40 years, during which time she served on crucial local boards such as Foothills United Way, Naturally Boul-

der, I Have a Dream, and Boulder Rotary. She was also instrumental in establishing CO-Labs, a consortium of Colorado-based research laboratories.

Neither the city of Boulder, nor the University of Colorado-Boulder, would be what they are today without Frances' wisdom, generosity, and tireless advocacy. Frances is the kind of person who makes the world a better place as she goes, and in doing so, inspires those around her to rise similarly to that endeavor. Boulderites and CU Buffs will forever stand on Frances' shoulders, and on the shoulders of those she inspires. On behalf of Colorado CD-2, I thank and honor Frances Draper for her countless contributions to our community.

**RECOGNIZING MAY AS SAVE YOUR
TOOTH MONTH**

HON. JANICE D. SCHAKOWSKY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 25, 2021

Ms. SCHAKOWSKY. Madam Speaker, I rise today to recognize Save Your Tooth Month. This month celebrates Americans saving their natural teeth and recognizes the "savers"—endodontists—who make this possible.

The more than 5,000 endodontists in the U.S. play an important role in providing oral health care throughout our country, spread awareness about practicing good oral hygiene, and emphasize the value of retaining one's natural teeth and smile.

Endodontists are dentists that specialize in diagnosing and treating tooth pain and performing root canal treatment. Following the dental school, endodontists have completed an additional 2 to 3 years of advanced training. This gives them enhanced precision, making them highly skilled in performing complex treatments.

Teeth are a gateway to nutrition, a sign of emotion, and a signal of overall good health. We all feel better when our teeth are clean and pain-free. And although dentures can work well and have improved significantly, they are never as good as a full set of natural teeth. Our natural teeth are worth saving, and endodontists focus their careers solely on doing just that.

Nothing looks, feels, or functions like your natural tooth. Regular brushing and flossing, along with 6-month check-ups from your dentist, can help you keep your teeth for a lifetime. It is worth the extra few minutes each day to maintain good oral hygiene.

If you do experience issues with your teeth, seek out proper dental care. In particular, if you have tooth pain, you can seek treatment from an endodontist. Endodontists use the most current and advanced technology to treat dental patients.

It should be noted that it is extremely safe to visit the endodontist during the COVID-19 pandemic, with endodontists practicing the utmost caution and disinfection protocol. Even at the height of America's spring 2020 shutdown, most endodontic practices remained open to safely treat dental emergencies.

Thank you to all the endodontists for your dedicated work in helping us maintain our natural teeth. Happy Save Your Tooth Month.
